

Child Safe Organisations:

Charter of commitment to children and young people

Our promises to you...

Respect

We promise to treat you kindly and fairly every day. We will celebrate your culture, your family, and all the special things that make you YOU.

Inform

We promise to explain what is happening in simple words, so you always know what to expect. We will talk with you clearly about a safe environment, online safety, and hygiene, and answer any questions you have.

Give you a voice

We promise to listen carefully when you speak, share your ideas, or tell us how you feel. Your thoughts and choices are important to us.

Help

We promise to be there when you need support. If something feels too hard, we will work together with you and your family to make it easier.

Trust

We promise to be honest with you, to keep our word, and to make sure you know you can count on us.

Safety

We promise to keep you safe in every way – in your play, in your learning, and online. We will make sure you have a caring place where you can grow, explore, and shine.

Name of organisation

Hoppers Crossing Montessori Centre
